Subject: Position/Exercise Limit Decrease for the ISE U.S. Regional Banks Index (JLO)

Pursuant to ISE Rule 2005(a)(2), the International Securities Exchange has completed a semi-annual review of index option position/exercise limits. Effective September 21, 2009, the following position/exercise limit will decrease¹:

Index:	ISE U.S. Regional Banks Index (JLO)
Previous position limit:	31,500 contracts
New position limit:	<u>24,000 contracts</u>

All other index option position/exercise limits will remain unchanged.

Please contact me with any questions.

¹ Pursuant to ISE Rule 2005(a)(3), an index position limit will be reduced after the expiration date of the most distantly expiring options (in this instance, September 2009).
