Information on the Notes

Safety First Trust (the "Issuer") has issued Principal-Protected Certificates ("Notes") linked to a U.S.-Europe-Japan Basket (the "Index Basket"). The Notes were priced at \$10 each and mature on March 6, 2014.

The Index Basket includes the S&P 500 Index, the Dow Jones EURO STOXX 50 Index, and the Nikkei 225 Index.

At maturity for each Note, investors will receive the sum of (i) \$10.00 plus (ii) a Supplemental Distribution Amount calculated as follows:

- i) If the Final Index Basket Level is greater than the Starting Index Basket Level, the Supplemental Distribution Amount will equal the product of (i) \$10.00 times (ii) the Index Basket Return Percentage;
- ii) Otherwise the Supplemental Distribution Amount will equal zero.

The Index Basket Return Percentage is:

$$\frac{\text{Final Index Basket Level} - \text{Starting Index Basket Level}}{\text{Starting Index Basket Level}}$$

The Starting Index Basket Level equals: 100.00. The Final Index Basket Level will be determined near the maturity date. See the prospectus for more details.

The Notes are guaranteed by the creditworthiness of the Issuer.

It is expected that the market value of the Notes will depend substantially on the value of the Index Basket and may be affected by a number of other interrelated factors including, among other things: the general level of interest rates, the volatility of the Index Basket, the time remaining to maturity, the dividend yield of the stocks comprising the Index Basket, and the credit ratings of the Issuer.

The Trustee for the securities is The Bank of New York.
