### BACKGROUND INFORMATION ON THE FUND

The Amplify ETF Trust (the “Trust”) is a management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), consisting of several investment portfolios. This circular relates only to the Amplify BlackSwan Growth & Treasury Core ETF (the “Fund”). The shares of the Fund are referred to herein as “Shares.” Amplify Investments LLC (the “Adviser”) serves as the investment adviser to the Fund.

The Fund seeks investment results that generally correspond (before fees and expenses) to the price and yield of the S-Network BlackSwan Core Total Return Index (the “Index”).

The Fund will invest at least 80% of its total assets in the securities that comprise the Index, which will primarily include U.S. Treasury securities and long-dated call options (“LEAP Options”) on the SPDR S&P 500 ETF Trust (“SPY”). The Fund is not a money market fund. The Fund, using an indexing investment approach, attempts to replicate, before fees and expenses, the performance of the Index. The Fund’s investment sub-advisers, ARG1 Investment Services, LLC (“ARG1”) and CSAT Investment Advisory, L.P., d/b/a Exponential ETFs (“Exponential,” and with ARG1, the “Sub-Advisers”), manage the investment of the Fund’s assets. The Sub-Advisers seek a correlation of 0.95 or better (before fees and expenses) between the Fund’s performance and the performance of the Index; a figure of 1.00 would represent perfect correlation. The index provider is S-Network Global Indexes, Inc. (“S-Network” or the “Index Provider”). The Index Provider is not affiliated with the Fund, the Adviser or either Sub-Adviser.

The Index is a rules-based, quantitative index that seeks to provide capital protection against the unpredictable, rare and highly disruptive events that have come to be referred to as “Black Swans.” The Index’s strategy is designed to allow for some participation in the investment gains experienced by the S&P 500 Index while still providing a buffer against significant losses. The Index seeks to provide such returns by allocating approximately 10% of its index market capitalization to a portfolio of LEAP Options on SPY and approximately 90% of its index market capitalization in a portfolio of U.S.

Treasury securities. The SPY LEAP Options provide the exposure to the S&P 500 Index. Due to the terms of these SPY LEAP Options (which are discussed in more detail below), these positions allow the Index to participate in approximately 70% of the upside experienced by SPY over a full market cycle. The U.S. Treasury securities portion of the portfolio is included to help mitigate against significant losses. By allocating approximately 90% of its index market capitalization to U.S. Treasury securities, the Index seeks to create a portfolio buffer that is positioned to preserve capital in the event of a “Black Swan” event. The Index is not designed to provide investment returns that correspond closely with the returns of the S&P 500 Index. The Fund is not an appropriate investment for investors who seek such returns.

The SPY LEAP Options portfolio is composed of in-the-money LEAP Options that, at the time of purchase, have expirations of at least one year and one day in the future and expire in either June or December, as applicable. An “in-the-money” option contract is an option contract with a strike price that is below the current price of the underlying reference asset. For the SPY LEAP Options in which the Fund invests, the reference asset is SPY. The LEAP Options will generally have a delta of 70 at the time of purchase, meaning that for every \$1.00 of movement in the share price of SPY, each LEAP Option will have a corresponding movement of \$0.70. Therefore, while not subject to a return cap when SPY experiences gains, the Index generally only participates in approximately 70% of the gains experienced by SPY over a full market cycle. When SPY experiences losses, the SPY LEAP Options portfolio participates in approximately 70% of such losses experienced by SPY, but those losses are mitigated by the Index’s approximately 90% position in U.S. Treasury securities.

The U.S. Treasury securities portfolio is composed of U.S. 2-, 3-, 5-, 7-, 10- and 30-Year Treasury securities that cumulatively provide a portfolio duration that matches the initial duration of the U.S. 10-Year Treasury Note. This duration was selected as the Index’s target duration based upon the principle that the return on intermediate-term U.S. Treasury securities tends not to correlate with those of the U.S. equities markets. Duration is a measure of the expected price volatility of a debt security as a result of changes in market rates of interest, based on, among other factors, the weighted average timing of the debt security’s expected principal and interest payments. In general, duration represents the expected percentage change in the value of a security for an immediate 1% change in interest rates. For example, the price of a security with a duration of 10 years would be expected to drop by approximately 10% in response to a 1% increase in interest rates.

The Index reconstitutes and rebalances every June and December. At each June reconstitution, the Index liquidates its existing June LEAP Options and purchases LEAP Options that expire the following June. The December LEAP Option positions will remain unchanged at each June reconstitution. At each December reconstitution, the Index liquidates its existing December LEAP Options and purchases LEAP Options that expire the following December. The June LEAP Options positions will remain unchanged at each December reconstitution. So as to maintain the desired allocation of the portfolio, net gains or losses derived from the reconstitutions of the LEAP Options positions are added to or subtracted from the U.S. Treasury securities portfolio at each reconstitution. The Index also rebalances the U.S. Treasury securities portfolio any time the portfolio’s target duration deviates by more than 0.5 years.

Please read the Fund’s prospectus for more information regarding its investment objectives.

As described more fully in the Trust’s prospectus and Statement of Additional Information, the Fund will issue and redeem Shares on a continuous basis at their net asset value (“NAV”) only in large

blocks of 25,000 Shares (each, a “Creation Unit”). Creation Units will be issued and redeemed principally in-kind for securities included in the underlying index. Except when aggregated in Creation Units, the Shares may not be redeemed with the Fund.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding. Expenses and fees are accrued daily and taken into account for purposes of determining NAV. The NAV of each Fund is determined each business day after the close of trading (ordinarily 4:00 p.m., Eastern Time or “ET”) of the New York Stock Exchange. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

The registration statement for the Fund describes the various fees and expenses for the Fund’s Shares. For a more complete description of the Fund and the underlying Index, visit the Fund’s website at [www.amplifyetfs.com](http://www.amplifyetfs.com).

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, NASDAQ Rules 5705 and 5740, BX Equity Rules 4420 and 4421, and PHLX Rule 803 require that members and member organizations, respectively, provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by members or member organizations to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

Any NASDAQ, BX or PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to NASDAQ members, BX members and PHLX members or member organizations under this rule.

Upon request of a customer, NASDAQ members, BX members and PHLX members or member organizations shall provide a copy of the prospectus.

## **EXEMPTIVE, INTERPRETIVE AND NO-ACTION RELIEF UNDER FEDERAL SECURITIES REGULATIONS**

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Fund.

## **REGULATION M EXEMPTIONS**

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or

purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Fund to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Fund (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Fund for redemption does not constitute a bid for or purchase of any of the Fund's securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

#### **CUSTOMER CONFIRMATIONS FOR CREATION OR REDEMPTION OF FUND SHARES (SEC RULE 10B-10)**

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

#### **SEC RULE 14E-5**

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the

Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

#### **SECTION 11(D)(1); SEC RULES 11D1-1 AND 11D1-2**

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of the Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of the Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

#### **SEC RULE 15C1-5 AND 15C1-6**

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
